Weber County has definitely felt the impact of the national recession. Job growth has slowed and even lost jobs (in 2001). The jobless rate hovers in the 4 to 5 percent range. Population continues to grow. When the market perceives that the bottom of the cycle has occurred then positive employment growth and a reduction of the unemployed will follow. Weber County's economy is poised for improvement, but that won't be realized until a sustained national recovery.

Income and Wages

	1997	1998	1999	2000	2001p
Total Personal Income (\$Millions)	3,843.3	4,078.3	4,218.8	4489.1	4610.3
